Certified by the Law Society of Upper Canada as a Specialist in Environmental Law

Canadian Brownfield Network, Advisory Panel inaugural member - August 2004 to Present

"Tech in the City" Fundraising Campaign Cabinet - George Brown College - 2004/05

Janet has experience dealing with all types of environmental regulatory issues relating to day to day manufacturing and operating issues. She provides assistance regarding environmental management systems, air approvals, waste and water management issues, importation of new substances into Canada, spills and the resulting regulatory and civil actions.

As a member of the Canadian Brownfields Network National Advisory Panel, Janet is nationally recognized for her expertise in developing strategies for clean-up of contaminated sites, including Brownfield Development, and environmental indemnity and insurance issues.
